

Spring Commencement

Guests are asked to refrain from coming forward to take pictures during the ceremony.

Northeast State is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award the associate degree. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Northeast State.

About Northeast State

Location

Northeast State Community College is located adjacent to the Tri-Cities Regional Airport in Sullivan County, Tennessee. The main campus is centrally located to the cities of Bristol, Johnson City, and Kingsport. The college also occupies educational facilities in Elizabethton, Gray, Johnson City, and Kingsport.

History

The history of Northeast State Community College reflects the changing educational needs of the residents of the five Northeast Tennessee counties which it serves. The college began as Tri-Cities State Area Vocational-Technical School in 1966 under the governance of the State Board for Vocational Education. In 1970, the mission was expanded and the school became a regional center for vocational and technical training. The scope was again expanded in 1978 to include the awarding of both one-year certificates and associate degrees in technology and the name was changed to Tri-Cities State Technical Institute. Effective on July 1, 1983, Tri-Cities State Tech was placed under the governance of the Tennessee State Board of Regents and became part of the State University and Community College System of Tennessee. On July 1, 1990, a university parallel component was added, and the institution's name was changed to Northeast State Technical Community College. On July 1, 2009, the name of the institution was changed to Northeast State Community College to better reflect the diverse range of programs offered by the institution.

As a comprehensive community college, Northeast State provides university parallel programs designed for students desiring to transfer to another college or university, career programs for students planning to enter the workforce immediately upon graduation, and continuing education and community service programs for professional growth and personal enrichment to the citizens of Carter, Johnson, Sullivan, Unicoi and Washington Counties. In partnership with the community, the college sustains the effort toward improving the quality of life for residents of the upper East Tennessee region.

Vision

Northeast State shall be a premier learning-centered institution whose students and graduates are among the best-prepared individuals to meet current and emerging needs.

Mission

Northeast State is an open-access, public, comprehensive community college that advances the lifelong educational development of the residents of the region and strengthens the economic and social/cultural aspects of the community. To facilitate teaching, learning, service, and student success, the College provides innovative, high-quality, and relevant associate, certificate, and career-focused educational programs and services. Programming and comprehensive support services are offered through varied delivery systems and at multiple sites throughout its primary service area of Carter, Johnson, Sullivan, Unicoi, and Washington counties. Within all aspects of its operations, Northeast State serves as the public's interest through the wise use of fiscal, human, and physical resources.

Values

Northeast State Community College embraces these values:

Respect

We value respect and provide an environment of inclusiveness, cooperation, and diversity.

Responsibility

We value responsibility and promote integrity, accountability, and excellence in teaching, learning, and services.

Responsiveness

We value responsiveness and facilitate personal, professional, and economic growth.

2018 Commencement Speaker

Nicholas Pinchuck Chief Executive Officer, Snap-on Incorporated

Nick Pinchuck is chairman and chief executive officer of Snap-on Incorporated, and serves on its board of directors.

Mr. Pinchuck was named president and chief operating officer in April 2007, when he was also appointed to Snap-on's board. He was elected chief executive officer in December 2007 and subsequently chairman in April 2009. He joined Snap-on in 2002 as senior vice president and president of Snap-on's Worldwide Commercial and Industrial Group.

Before Snap-on, Mr. Pinchuck was president, global refrigeration operations, a multi-billion dollar business unit of Carrier Corporation, a subsidiary of United Technologies Corporation. Prior to that, he served in executive, operational, planning and financial capacities within Carrier and United Technologies, including: president, Asia-Pacific air conditioning operations; global vice president, strategic planning; and chief financial officer, Carrier International Corporation. Before joining United Technologies, he was with the Ford Motor Company, where he held various financial and engineering positions. He also served in Vietnam as an officer in the United States Army.

Mr. Pinchuck received an M.B.A. from Harvard, and master and bachelor of science degrees in engineering from Rensselaer Polytechnic Institute. He currently serves on the board of directors of Columbus McKinnon Corporation; on the board of directors for the National Association of Manufacturers; on the Board of Trustees of the Manufacturer's Alliance for Productivity and Innovation; on the Senior Advisory Board of the Syracuse University School of Management; and on the Board of Trustees of Carthage College.

Mr. Pinchuck is an outspoken leader on workforce development and technical education and careers. Recognizing his role in the formation of our nation's technical education agenda, the Career and Technical Education Foundation named Mr. Pinchuck National Business Leader of the Year in 2011. SkillsUSA named him Champion of the Year in 2012, recognizing his extensive support for the growth of a skilled American workforce. He was inducted into the 2014 Industry Week Manufacturing Hall of Fame. The International Technology and Engineering Educators Association recognized Mr. Pinchuck in 2015 for his far-reaching professional contributions.
